Public Works Report: Shane Bills read a presentation and power point for the importance of water meters. It was explained that if our village does not invest in water meters, we could have a very low possibility of receiving any Grants for our water infrastructure. We are waiting to hear from Dixon to get our water tower inspection.

Fire Report: The firemen have completed their H2S training on January 26th, 2026. They have split the cost of this training with Fairgrove. Spaghetti Fundraiser is scheduled for February 22nd, 2026. There is a Fire Meeting scheduled for February 18th at 7pm.

Clerk's Report: W-2's were finished and distributed for the tax year 2025. BS&A finished the implementation of the Tax and Utility Billing portion of the Cloud upgrade; the rest of the project will be scheduled to be finished in July. It was discussed that the metered water billing was behind on the \$1.00 yearly increase, it was asked if we should charge \$2.00 for the increase to get caught up or just be \$1.00 behind as it was not the fault of the businesses

Motion by: T. Nusz to just add the \$1.00 increase to the metered businesses and to be just behind 1 year, motion seconded by M. Strasz. All in favor with 3 Yays and 0 Nays. Motion passed.
